

How to measure for your new Skylight window blind

Skylight window blinds

You don't need to measure for skylight window blinds. Just write down the reference number and match it up using the drop down menu that appears once you've chosen your fabric.

Where to find your reference number

Your reference number is on the top sash of your window. You'll need to open your window to find it. An example is shown below.

The window type is the first 3 letters (for example, GGL, GHL or GPL)

The window size is the following 1-3 letters and numbers (for example, S06, 606 or 4)
